TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between existing sheets with whole numbers, a decimal is added. For example, a new sheet added between sheets 34 and 35 would be sheet 34.1.
- B. Sheet Revision Numbering - Revision numbers also appear in the upper right corner of the sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, 4th Revised Sheet No. 34 cancels the 3rd Revised Sheet 34 No. Consult the check sheet for the page currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
 - 2.1
 - 2.1.1
 - 2.1.1.A
 - 2.1.1.A.1
 - 2.1.1.A.1.(a)
 - 2.1.1.A.1.(a).I
 - 2.1.1.A.1.(a).I.(i)
 - 2.1.1.A.1.(a).I.(i).(1)
- D. Check Sheet - When a tariff schedule is filed with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the tariff sheets, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made. The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Commission.

Rule 11 - Disputed Bill Procedure

A. Disputed Bill Procedure

In the case of a dispute between a Customer and the Company as to the correct amount of a bill rendered by the Company for service furnished to the Customer, which cannot be adjusted with mutual satisfaction, the Customer may make the following arrangements:

1. The Customer may make a written request, and the Company shall comply with the request, for an investigation and review of the disputed amount.
2. The undisputed portion of the bill must be paid by the “due by” date (no sooner than 15 days of the date of presentation) shown on the bill or the service will be subject to disconnection if the Company has notified the Customer by written notice of such delinquency and impending termination.
3. If there is still disagreement about the disputed amount after an investigation and review by a manager of the Company, the Customer may appeal to the Consumer Affairs Branch (“CAB”) of the Commission for an investigation and decision. To avoid disconnection of service, the Customer must submit the claim and, if the bill has not been paid, deposit the amount in dispute with CAB within seven (7) calendar days after the date on which the Company notifies the Customer that the investigation and review have been completed and that such deposit must be made or service will be disconnected. However, the service will not be disconnected prior to the due by date shown on the bill. The Company may not disconnect the Customer's service for nonpayment as long as the Customer complies with these conditions.
4. The Company shall respond within ten (10) business days to requests for information issued by CAB. CAB will review the Customer's claim of the disputed amount, communicate the results of its review to the Customer and the Company, and disburse the monies deposited by the Customer.
5. After the investigation and review are completed by the Company as described above, if the Customer elects not to deposit the amount in dispute with CAB, such amount becomes due and payable at once. In order to avoid disconnection of service, such amount must be paid within seven (7) calendar days after the date the Company notifies the Customer that the investigation and review are completed and that such payment must be made or service will be interrupted. However, the service will not be disconnected prior to the “due by date” shown on the bill.

SECTION 3 – RULES, (CONT'D.)

Rule 16 - Measurement of Service

A. Timing of Calls

1. The Customer's monthly usage charges for the Company service are based upon the total number of minutes the Customer uses and the service options to which the Customer subscribes. Chargeable time begins at the time the called party answers (i.e. when two-way communications is possible) and ends when either party hangs up.
2. None of the Company's service offerings are time-of-day sensitive.
3. No charges apply if a Call is not completed.
4. For billing purposes, all Calls are rounded up to the nearest minute and billed in increments of one minute. The minimum call duration is 1 minute for a connected call.
5. Where applicable, charges will be rounded up to the nearest penny.
6. Usage begins when the called party picks up the receiver (i.e. when two-way communication is possible). A Call is terminated when the calling or called party hangs up. The Company utilizes software answer supervision, which permits up to 60 seconds of ringing before the Call becomes billed usage. Where answer supervision is not available, any Call for which the duration exceeds 60 seconds shall be presumed to have been answered and becomes billed usage.
7. The Company will not knowingly charge for Incomplete or unanswered Calls. Upon the Customer's request and proper verification, the Company shall promptly adjust or credit the Customer's account for charges or payments for any Incomplete or unanswered Call inadvertently billed due to the unavailability of Feature Group D or due to another carrier's failure to provide answer supervision. Upon the Customer's request and proper verification, the Company also shall promptly adjust or credit the Customer's account for charges or payments for Calls placed to a wrong number.

B. Start of Billing

For billing purposes, the start of service is the day following acceptance by the Customer of the Company's service or equipment, or another date mutually agreed-upon by the Customer and the Company. The end of service date is the last day of the minimum notification of cancellation or any portion of the last day, after receipt by the Company of notification of cancellation as described in Rule 12 of this tariff.

C. Calculation of Distance

1. Where applicable, usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.
2. Where applicable, the airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers that are produced by Bell Communications Research in their NPA-NXX V&H Coordinates Tape and Bell's NECA Tariff No. 4. The airline distance between any two (2) rate centers is determined as follows:
 - a. Obtain the "V" (vertical) and "H" (horizontal) coordinates for each Rate Center from the above-referenced document.
 - b. Compute the difference between the "V" coordinates of the two (2) rate centers; and the difference between the two (2) "H" coordinates ($X_1 - X_2 = V$; $Y_1 - Y_2 = H$).
 - c. Square each difference obtained in step (b) above (V^2 ; H^2).
 - d. Add the square of the "V" difference and the square of the "H" difference obtained in step C above ($V^2 + Y^2 = S$).
 - e. Divide the sum of the squares by 10 ($S/10 = M$).
 - f. Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

Rule 23 - Nonpublished Service; Release of Information, (Cont'd.)

D. Notification of Customer

1. The telephone utility shall not notify a Customer regarding the release of Customer's nonpublished information unless the Customer contacts the utility and specifically requests to know whether their nonpublished information has been released.
2. When a Customer inquires of the utility whether their nonpublished information has been released, the Customer shall be informed that if information has been released they will be notified by mail about what information was released and which agency requested the information. If there was no release of nonpublished information, the Customer will receive no communication from the utility.
3. If the requesting agency certifies that disclosure to a Customer about the release of his or her nonpublished information to that agency could impede an ongoing criminal investigation, the telephone utility shall withhold notice to the Customer for a period of one year from the date of release of the information to the agency.
4. The one-year period of nondisclosure shall be extended to successive one-year periods upon new written certification by the agency in each instance.
5. If no request has been made for nondisclosure to the Customer, the Customer who inquires shall be notified in writing as to the identity of the agency which requested the nonpublished information and the information released.

If there has been a request for nondisclosure within 25 working days after the expiration of any outstanding certification for nondisclosure, or any renewal of such certification, a Customer who has previously inquired, at any time during the period of nondisclosure, whether their nonpublished information was released, shall automatically be notified in writing by the utility that such information was released and which agency received this information.

SECTION 3 – RULES, (CONT'D.)

Rule 24 - Legal Requirements for Refusal or Discontinuance of Service

California Public Utility Commission's Decision No. 91188, in Case No. 4930, requires that each communications entity, operating under the jurisdiction of the Commission, include the provisions of the rule set forth in Appendix "B" of that decision as a part of the rules in the utility's tariff schedules. Accordingly, Appendix "B" of Decision No. 91188, Case No. 4930, is quoted herein:

Appendix "B"

1. Any communications entity operating under the jurisdiction of this Commission shall refuse service to a new applicant and shall disconnect existing service to a Customer upon receipt from any authorized official of a law enforcement agency of a writing, signed by a magistrate, as defined by Penal Code Sections 807 and 808, finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law, or that the service is being or is to be used as an instrumentality, directly or indirectly, to violate or to assist in the violation of the law. Included in the magistrate's writing shall be a finding that there is probable cause to believe not only that the subject telephone facilities have been or are to be used in the commission or facilitation of illegal acts, but that the character of such acts is such that, absent immediate and summary action in the premises, significant dangers to public health, safety, or welfare will result.
2. Any person aggrieved by any action taken or threatened to be taken pursuant to this rule shall have the right to file a complaint with the Commission and may include therein a request for interim relief. The Commission shall schedule a public hearing on the complaint to be held within 20 calendar days of the filing of the complaint. The remedy provided by this rule shall be exclusive. No other action at law or in equity shall accrue against any communications utility because of, or as a result of, any matter or thing done or threatened to be done pursuant to the provisions of this rule.
3. If communications facilities have been physically disconnected by law enforcement officials at the premises where located, without central office disconnection, and if there is not presented to the communications utility the written finding of a magistrate, as specified in paragraph 1 of this rule, then upon written request of the subscriber the communications utility shall promptly restore such service.

4. Any concerned law enforcement agency shall have the right to Commission notice of any hearing held by the Commission pursuant to paragraph 2 of this rule, and shall have the right to participate therein, including the right to present evidence and argument and to present and cross-examine witnesses. Such law enforcement agency shall be entitled to receive copies of all notices and orders issued in such proceeding and shall have both:

 - b. the burden of persuading the Commission that the service should be refused or should not be restored.

5. The utility, immediately upon refusal or disconnection of service in accordance with paragraph 1 of this rule shall notify the applicant or subscriber in writing that such refusal or disconnection has been made pursuant to a request by a law enforcement agency, naming the agency, and shall include with said notice a copy of this rule together with a statement that the applicant or subscriber may request information and assistance from the Commission at its San Francisco office concerning any provision of this rule.

At the time of giving any such notice of objection, the law enforcement agency shall mail or deliver a copy thereof to the applicant or subscriber.

Customer bills are issued monthly. Bills are due and payable on the "due date" listed on your bill. Bills may be paid by mail, credit card or bank draft or an agency authorized to receive such payment. Payment may be made by cash, check, money order, or cashier's check, credit card or bank draft. Payments are considered prompt when received by Fusion by the due date printed on your bill.

Late Payment Charges:

Bills that remain unpaid beyond the due date on the bill will incur a late payment charge of 1.5% of the outstanding unpaid balance for each month or part of a month that the bill remains unpaid. In addition, Fusion will assess charges to reflect any billing and collection costs incurred.

Returned Check Charge:

A charge will be assessed for each check returned unpaid for any reason, and your service may be disconnected without further notice. Charges for returned checks will be in accordance with Fusion's Tariff 8-T.

Restoration of Service:

If your telephone service is disconnected, you may restore service by full payment in a reasonable manner including by personal check. However, Fusion may refuse to accept a personal check if your check for payment has been dishonored within the last twelve months. A charge will be assessed for restoration of service after disconnection; if however, the equipment necessary for service has been removed, a complete activation fee will apply. Charges for restoration of service will be in accordance with Fusion's Tariff 8-T.

Disputed Bill Procedure:

If you disagree with the charges on your bill, you must first pay the undisputed amount in full by the due date printed on your bill. You may then make a written request to Fusion for an investigation and review of the disputed amount. If the disagreement is not resolved to your satisfaction, you may appeal to the Consumer Affairs Branch of the California Public Utilities Commission (CPUC) for an investigation and decision. To avoid disconnection of service, you must submit the claim and, if the bill has not been paid, deposit the amount in dispute with the CPUC within seven (7) calendar days after the date on which Fusion notifies you that its investigation has been completed and requires payment be made or service will be disconnected. Please address all inquiries to the California Public Utilities Commission; Consumer Affairs Branch, State Office Building, 107 S. Broadway - Room 5109, Los Angeles, California 90012.
